

# Bad Sound Got You Down?

**All car audio loudspeakers are not created equal.**

Some companies rely on sales gimmicks and marketing flash to sell speakers that end up sounding terrible in the car. It's the age-old problem of spending hard-earned cash on sub-standard speakers.

Not true with **Hybrid Audio Technologies Legatia™** products. Cars equipped with Legatia won more World Championships at the **2007 IASCA® World Finals** than all other speaker manufacturers combined.

**Legatia L1 Pro™ tweeter**  
1" High End Tweeter Driver

**Legatia-1**  
1" Tweeter Driver

**Legatia-3**  
3" Midrange Driver

**Legatia-4**  
4" Midrange Driver

**Legatia-6**  
6.5" Midwoofer Driver

**Legatia-8**  
8" Woofer Driver

**Yes, combined**

**Getting great sound**  
in your car doesn't have to be difficult.

It's as easy as finding  
your nearest Hybrid Audio dealer  
or going to [www.hybrid-audio.com](http://www.hybrid-audio.com)

## Legatia Series
